

UF440 Micro Grain Carbide End Mills

For Aluminum Alloy Rough Processing, End Mills UF440-3ENPAL

End Mill Property

- Made by AF-K44 Micro Grain Carbide from Germany.
- Hardness level of material reach to HRA92.3 (HV30=1680N/mm²)
- TRS>3800N/mm²
- Manufacturing by 5 axis-CNC facility from Germany-Walter.
- Best SPEC choice for high speed and harder material cutting use.
